Dear Putu Doddy Heka Ardana,

You can be sure that we do our best to make the review process effective for all manuscripts.

Unfortunately, these troubled days are long-term challenging for editors and reviewers.

In other words, the COVID-19 pandemic is also reflected in the editorial and review processes.

We are still waiting for one review. We have included your nominated reviewers in the review process, but we have not received a response.

Three reviewers were replaced. We are currently waiting for a response from another new reviewer.

It can be really difficult to find potential qualified reviewers during the COVID-19 pandemic.

Thank you for your patience and understanding.

Best wishes,

Editorial office of the scientific journal Acta Montanistica Slovaca
