Dear Mr. Anthony Robinson,

Greetings.

I hope this message finds you well.

I'm writing in regards to our manuscript, "Groundwater Level Forecasting Using Multiple Linear Regression and Artificial Neural Network Approach" with Manuscript ID: CEA-14825967-20211123-050553.doc. The manuscript submitted on 23rd November 2021 to your respected journal, **Civil Engineering and Architecture**.

On 25th November 2021, I received information that the status of the manuscript was initial reviewed from first reviewer (Mr. Chloe Crawford) and re-submitted on 29th November 2021 after revised before.

To date, after 50 days, we have not received a notification regarding the update status of our manuscript. I understand that you must be extremely busy, but could you please let me know approximately when we can expect a decision from you or the editorial board. I hope there is a good information for my manuscript.

Thank you for your time and attention.

We look forward to hearing from you shortly.

Sincerely,

Putu Doddy Heka Ardana

Dear Putu Doddy Heka Ardana,

Thanks for reaching out.

Your paper (ID: 14825967) is still under peer review. We will send you the review report without any delay once we receive it.

Thanks for your patience.

Best Regards

Anthony Robinson
